Stefany Moreno Gamez  
Prospective Visiting Student

Dear Stefany,

I would be very pleased to host your stay at Harvard from September through December (or whatever suits you best) this coming Fall, 2010. Your interests in learning about coalescent theory and doing some research in this field are sure to make this a productive visit. I am sorry that I cannot provide financial support, but I hope you will be successful in securing some funds from your university.

With all my best wishes,
